GREEN'S BOOKS Bookbinding & Conservation

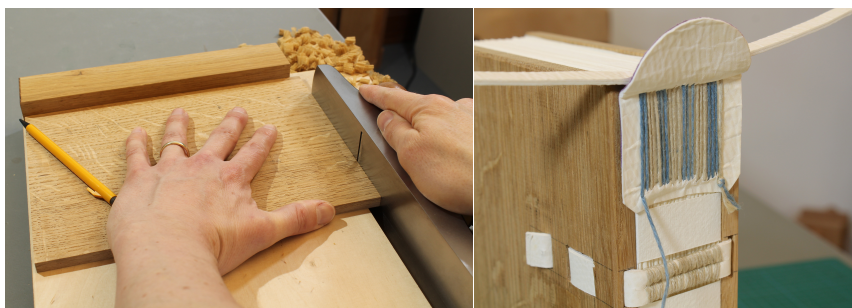

Welcome to the Spring issue of our Conservation Newsletter. We've recently re-opened to visitors and are enjoying face-to-face consultations once again. We've also re-started teaching and have just announced some new workshops. We hope you enjoy hearing about what we've been up to. Best wishes, Arthur & Emily.

Leather Paring

During lockdown, we made a short, instructional video on edge-paring. Whether you're a Bookbinder or Conservator, take a look for some guidance on safe and repeatable techniques for edge-paring leather. [Leather Paring: Some Thoughts on Edge Paring by Hand](#)

Hereford Romanesque model

Arthur's model for our *Hereford Romanesque Binding* workshop is really beginning to look the part; from shaping the boards, to sewing the sections onto thick tawed supports, and sewing the tab endbands.

Workshops

Find our 2021 programme of workshops [here](#), including a new course on Stub Bindings.
